Mānawatia a Matariki

Pukapuka hei mahi
Activity book

Māori celebrate the start of the new year in mid-winter (June-July).

The Matariki star cluster rises in the morning sky on the eastern horizon, before the sun. This signals the beginning of **Te Mātahi o te Tau** or the Māori New Year.

Matariki is a time to gather with **whānau** (family), **hoa** (friends), and **hāpori** (community) to reflect on the past, celebrate the present, and plan for the future.

This activity book will focus on **three themes** important during this time of year, and help you learn more about what Matariki is.

Contents

1. Matariki
2. Te Iwa o Matariki | the nine stars of Matariki
3. Maramataka | Māori calendar
4. **Matariki hunga nui** | Remembrance
5. Whakapapa | Geneology
6. **Matariki ahunga nui** | Celebrating the present
7. Pepeha
8. **Matariki manako nui** | Hopes and goals

Cut out the eight stars to the right to use as counters to play **Mū Tōrere**.

How to play

Place the **pango** (black) and **mā** (white) playing pieces on the board as shown. The **pūtahi** (middle) starts empty.

In option one, a black counter in one of the red rings moves to the middle first. In option two, any counter can move to the middle first. Players then take turns making their move.

Ways to move

1. You can move your counter to an empty space either side of the counter or to the middle.
2. Pieces can't leap over each other.
3. There are no captures in this game.

Winner

The game ends when one player is blocked and can't move.

You should swap colours for the next game so that you both get a chance to move first.

Mū Tōrere

Matariki is about having fun. Learn how to play **Mū Tōrere** with your **whānau** (family).

You may need a **pakeke** (grown up) to help you learn to play.

The aim of this two-player game is to block your opponent so they can't move.

Matariki

The star cluster Matariki takes its name from the central star. There are many **iwi** (tribe) traditions across Aotearoa associated with Matariki – some name **whitu** (seven) stars and some **iwa** (nine). All iwi traditions link to the coming of a new year and give thanks to the special things in their lives.

Fill in the crossword with the **ingoa** (names) of the nine stars.

Te Iwa o Matariki | the nine stars of Matariki

The Matariki star cluster rises in the early morning on the eastern horizon, just before the Sun.

During Matariki we take time to rest and prepare for the new year while also allowing the environment to do the same.

Find the words that relate to Matariki and the environment in the word search.

Matariki manako nui | Hopes and goals

Matariki is a time to think about what our **manako** (hopes) and **whāinga** (goals) are for the year.

Write down **toru** (three) things that you want to achieve this year.

1 _____

2 _____

3 _____

Learn the names of **Te Iwa o Matariki** (the nine stars of Matariki) and where you can see them in the sky.

Maramataka | Māori calendar

The Māori calendar is guided by the **Rā** (the Sun), the **whetū** (stars), and the **Marama** (the Moon). This is called the **maramataka** (environmental calendar).

Traditionally food would be kept in a **pātaka** (storehouse) during winter. Draw where you would store all this food.

Ngahuru (Autumn)
Raumati (Summer)

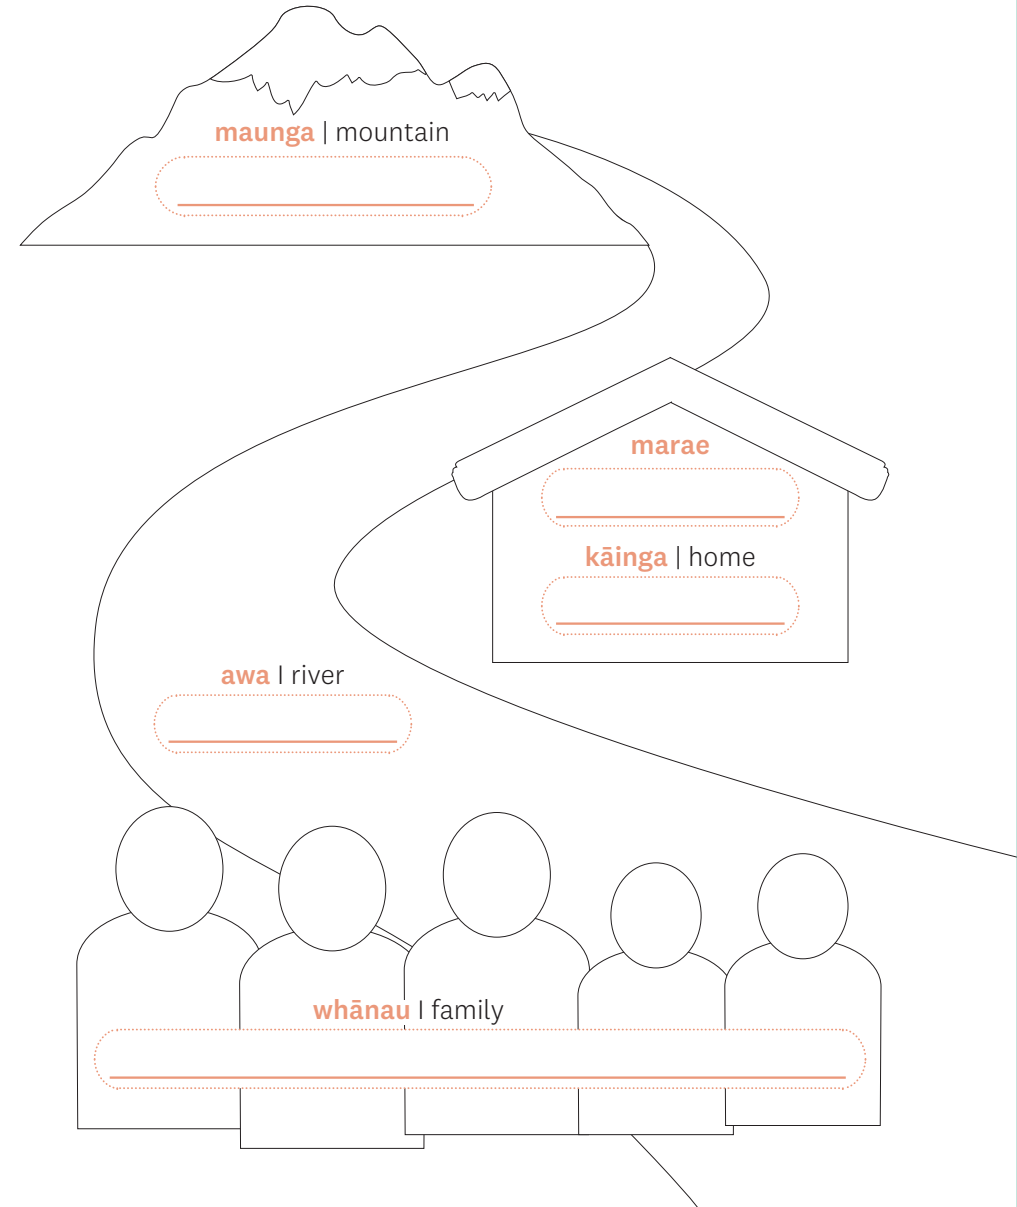

The sun is warm and it's time to be outside. Draw your favourite summer spot.

Pepeha

A **pepeha** allows us to introduce ourselves by talking about our **whānau** (family) and the **whenua** (land) we live on.

Thinking about the **whenua** around you and your **whānau**, fill in the gaps to create your pepeha so it relates to you.

Matariki ahunga nui | Celebrating the present

A good way to celebrate Matariki is by eating **kai** (food) together with **whānau** (family) and **hoa** (friends). We can gather our kai from different places in the environment.

Match the picture to the **whetū** (star) to see what **kai** was eaten during Matariki.
